

Notice 5- Important Information – 15th April 2020

Dear Parents,

Greetings from Kasiga school !

I hope amidst the conditions of Global Lockdown, everybody is secure at their home and making the most of the forced vacations imposed on all of us. Wish you and your near and dear ones the safest time.

Through this mail, I am delighted to inform you all that, Kasiga School has entered into a collaborative agreement with FinancePeer, an NBFC registered with RBI to impart interest free loan installments to parents for securing the best education for their wards. This facility has been extended to our parents keeping in view the current pandemic situation which has impacted cash flows across all sections of society. Once initiated, this option will remain open even after the current pandemic situation declines and the economy resurrects. However, ***Kasiga School is only a facilitator and there will be a one to one contract between parents and FinancePeer***, should you be interested to avail the facility. Once you choose to enter into an agreement with FinancePeer, you will get the option to pay the “Annual Tuition & Boarding fee” in easy equated monthly installments as agreed upon. **Please note that this facility doesn’t attract any cost and is available at zero percent interest.**

We are bringing to you the power to secure holistic education for your child.

The deadline for registration with FinancePeer is 15th April 2020.

For further details you can write to Mr. Shashank Agarwal (Head of Finance & Accounts) at financeofficer@kasigaschool.com

You can reach out to FinancePeer at support@financepeer.co or call them at 022 48977992.

Warm Regards,
Sonali Sinha
Head of School
